**Important Safety Information**

Please read these installation instructions carefully before installing this luminaire.

- This product must be installed by a licensed electrician in accordance with AS/NZS 3000 and local regulations.
- Isolate the mains power supply prior to installation.
- Only reconnect mains power after installation is completed.
- No part of the luminaire should be altered or modified.
- This product is not user serviceable.

**Approvals**

The RCM marking of this product applies to AS/NZS 4417.1 "Regulatory compliance mark (RCM) for electrical and electronic equipment". This product is designed to conform to AS/NZS 60598 "Luminaires, general requirements and tests".

- 1** Isolate the mains power supply prior to commencing installation.

- 2** Mark at the correct location. Cut a hole in the ceiling in accordance with cutout size. XDF35 ceiling cutout: **150 mm**

To maintain IP65 rating on XDF35, ensure that the luminaire is installed on a flat, level ceiling and that the luminaire has an adequate seal to the mounting surface.

- 3** Connect luminaire to 240V plug socket.

- 4** Lift the springs upward to ensure the luminaire can be installed into the mounting hole.
